

The Course

The people that bring you the best restaurants in Connecticut bring you the best charity golf tournament.

Tumble Brook Country Club was founded in 1922 and its original golf course was designed by renowned architect and two-time British Open champion Willie Park, Jr. The course is one of the best-maintained and scenic in Connecticut with impressive views of Talcott Mountain to the west and downtown Hartford to the south. Tumble Brook ranks among the finest courses in New England after completing a four year renovation designed by Mark McCumber, one of two PGA Tour members that also are certified golf course architects.
